it is supported by the President. This proposal was originally coupled with the proposal to abolish the duties on Cocoa nuts and tobacco.

I see no objection to the Council's proposal. It may be remembered the Kerosene oil is imported in tins & there is no difficulty in assessing the duty.

Sir,

I have the honor to state that the levy of Octroi duty on Cocoanuts and tobacco in the Challakere Municipality having been abolished by Government in their Proceedings No 334-5 Fin 499-08-2 dated 9th July 09 in consideration of the further continuance of the System of levying fees on laden carts to that extent at the Sante, the income of the Municipality has to some extent suffered and to compensate the loss, the Board has proposed the levy of an anna 2 in

each tin of Kerosine Oil brought into the town for sale It is reported that a sum of Rs 60/- per mensem will be realised from this source without causing any hardship to the tax-payers Further, I beg to add that as a large weekly Sante is held and many people collect at this place for trade, Sanitary and other works conducive to the health of the people are absolutely necessary. The Board is unable to meet these charges without sufficient funds therefor.

2 Under these circumstances, I beg that you will kindly be pleased to move the Government to sanction the levy of this tax.
